

A Very Warm Welcome to the All Invest Global Team!

This job pays \$8 USD per hour to make cold calls. We provide a phone app that has phone credit, so you will not need to pay for the calls.

The purpose you are calling will vary depending on the campaign we put you on.

To be able to answer any question that someone might have, it is obligated that you learn about our company in detail, reviewing our entire website, especially our about us page: <https://allinvestglobal.com/aboutus.html>

The calls are made using this app:

<https://play.google.com/store/apps/details?id=com.ringcredible>

As this is a remote job, you will need to download these work monitoring apps so that we can know much to pay you:

Video Screen Recorder: This App will record your phone screen.

<https://play.google.com/store/apps/details?id=videorecorder.videorecorder.screenrecorder>

Digital Clock: This app will display the time and date on your screen.

<https://play.google.com/store/apps/details?id=com.maize.digitalClock>

Voice Recorder on separate phone or computer.

We couldn't find a phone app that recorded both the caller and the receiver's voice (if you do, you can use it.) Therefore to record calls, you will need to put your phone on speaker phone so the receiver's voice can be heard clearly, then use a voice recording app/software on a separate phone or computer to record all the calls.

You will need to create a word document with the responses from the people you call. Only record the responses of calls that were answered. This is an example of how to write the responses.

Call Responses

1. Not interested
2. Call back scheduled for tomorrow.
3. Hang Up during pitch
4. Asked to send email. Email sent to info@example.com on 1/1/2024
5. John Smith Invested _____ (or paid _____) on website.
6. Said he will review it. Call back scheduled for 1/1/2024.

Important Rules:

1. All follow up calls must be called at the scheduled time.
2. Your work must be recorded continuously for at least 30 minutes. (Both Voice and Screen Recordings)
3. The phone numbers have to be from a list we provided or source by you we approve.
4. The script must be memorised, clients can hear when you are reading.
5. Calls must be made indoors, in a quiet environment with no music or people talking in background. However, you may use call centre background noise.
6. For the first 10 hours of work, you must send us your work to review after each hour.
7. Do not leave any voicemails
8. Please follow the call script diligently, do not add, subtract, change or edit the words in the call script.

Once Again, A Very Warm Welcome to the All Invest Global Team!
We look forward to an extraordinary partnership!
